# LYSINE HCl

## L-LYSINE SUPPLEMENT

**TIPE OF PRODUCT:** AMINO ACIDS

**SUITABLE FOR:** COWS / PIGS / POULTRY / HORSES / PETS

### PRODUCT DESCRIPTION

JEFO Lysine HCl is an essential amino acid which means that it can not be synthesized in the body at a sufficient rate to meet the physiological needs of the body, and must therefore be supplied by the diet. L-Lysine is one of the most important essential amino acids. It is a limiting amino acid in cereal grains and in some vegetable protein sources, then requiring synthetic supplementing to meet the animals needs. L-Lysine is a structural element of proteins and it is a component of the enzymes.

### PHYSICAL PROPERTIES

- Appearance: Powder or granules
- Color: White or light brown
- Odor: Oderless or slight odor

### GUARANTEED ANALYSIS

L-Lysine (min.) 78.8 %

### RECOMMENDATIONS

In accordance with your nutritional standards for each animal species.
