

POULTRYGROW 250

ENZYMES

TIPE OF PRODUCT: ENZYMES

SUITABLE FOR: PIGS / POULTRY

PRODUCT DESCRIPTION

POULTRYGROW 250 is an fermentation supplement for poultry feeds.

PHYSICAL PROPERTIES

- Appearance: Powder
- Color: Beige
- Odor: Odorless

INGREDIENTS

Dried streptomyces fermentation solubles extracted, yeast culture dehydrated, silicon dioxide.

GUARANTEED ANALYSIS

Protease (min.) 1.10 U / gram (*)

(*) One unit will hydrolyze azocasein to produce an absorbance at 440 nm equivalent to the action of one unit of a standard protease (*Streptomyces griseus*, Type XIV) assayed under identical conditions (30 min, pH 7.7, 40°C).

ADVANTAGES

- Safe for all types of poultry.
- Low inclusion rate.
- Can be used with a vast array of feed formulations.
- Recommendations
- Poultry: Add to poultry feeds at 125 g / tonne.

CAUTION

This product may cause dermal and respiratory irritation and / or sensitivity. Appropriate protective equipment must be worn during handling.

This product is free of antimicrobial activity and is not a source of viable microbial cells.

Pelleting might reduce enzymatic activity.

STORAGE & SHELF LIFE

Store POULTRYGROW 250TM in a cool and dry environment away from the sunlight and other sources of heat. Shelf Life: 24 months from manufacturing date if stored in its original packaging.

PACKAGING

Available in 25 kg multilayer paper bags with a sealed plastic film.
