

PROKEL-SE

ORGANIC SELENIUM

TIPE OF PRODUCT: ORGANIC MINERALS

SUITABLE FOR: BOVINOS / PIGS / POULTRY / EQUINOS / PETS

DESCRIPTION

Organic mineral of high solubility and bioavailability that allows to develop the higher zootechnical performance of animals in production. Its low molecular weight allows a direct and absorption without expenditure of energy of the molecule is-glycine. Stability pH between 3 and 8.

The products are manufactured in accordance with the PREMEX ISO9001 quality system.

PROKEL Selenium is a product for all types of concentrated feed and can fill through the premixes, minerals, complete food or liquids.

PROKEL selenium ensures a chemical structure of quality that protects the mineral of undesirable reactions in the gastrointestinal tract.

COMPOSITION

Concentration of PROKEL selenium (in the form of organic selenium). (Selenium Glycinate) 1%.

Inorganic source replacement recommendation: 100%.

INDICATIONS

- Improves the immune response of the defensive system.
- In the playback increases sperm quality and the quality of the eggs.
- By its organizational structure is stored in tissues and serves as a reserve to be used in the event of stress.

ALINAT
INSUMOS PARA NUTRICIÓN ANIMAL

www.alinat.com.ar

- Enrichment of eggs with organic selenium.
- Durability of the beef and eggs in gondola.

ACTION

- Natural antioxidant of the cell membrane.
- The enzyme Glutathione peroxidase antioxidant agent.
- Favors the absorption of vitamin E.

DOSE

30g/tn.

PRESENTATION

Bags of 25, 10 y 5 kg. of polypropylene in cardboard kegs.
